Dear Dr. Pettingill:

I wanted to write to thank you for the tremendous job that you did in not only working up the cases of Isaac Hodges and the Estate of Gladys Jackson, but also in testifying in Miami, as well as in Daytona Beach, Florida.

On both occasions, your testimony was critical regarding the economic losses sustained by Mr. Hodges, as well as the Estate of Gladys Jackson. Remarkably, I was able to obtain every penny of economic damages that were testified to by yourself. Not only did I receive all of the past economic damages, I also received all of the future economic damages on both cases which was substantial.

More importantly, the terrific job you did was reiterated by several of the jurors that approached me after each trial. It was a unanimous feeling that your testimony was the most exciting and most interesting. Moreover, the jurors were mesmerized by your presentation on such a technical subject as present money value.

Once again, I want to thank you for the terrific job that you have done for me on these cases, as well as the others in the past. The jurors always seem to love you and you seem to teach them in an exciting fashion. Hence, I will continue to utilize your services in the future due to your professional demeanor and your style in testifying on such a technical subject.

Very truly yours,

David C. Prather, Esquire
