Re: **LEA M. UREZZIO v. Boyd & Kelly Mathews**
Our Client : Lea Urezzio
Our File Number : P97-157A
Incident Date : October 7, 1997

Dear Dr. Pettingill:

I wanted to write to you to express my appreciation and that of my client, Lea Urezzio, for your assistance and testimony in her personal injury trial.

As you know, it is almost been 5 years since Lea was paralyzed in that automobile accident, it was very gratifying to finally receive her day in court last month. I was very pleased with your testimony and the way you were able to present it to the jury in such a logical and understandable format. Many times expert testimony in the area of life care planning and economic present value is tedious and mundane. You presented it in a very interesting and understandable format which kept the jury attentive to all the evidence presented.

The jury was obviously very impressed with your credentials, presentation and information since they awarded the entirety of the economic damages claimed for by the plaintiff. The jury's total verdict of \$13,800,000.00 is the largest personal injury verdict ever awarded by a jury in Brevard County, Florida. Needless to say, my client and I very satisfied with the result and thankful for your assistance.

You did a great job and were crucial to our extraordinary success in this case. I look forward to working with you again in the future. With best regards, I remain.

Sincerely,

Scott R. Dwyer, Esq.
