Re: Goble v. Frohman

Dear Dr. Pettingill:

It was a pleasure working with you during the trial of the above-styled cause. We truly appreciate your attention to the herculean undertaking of evaluating plaintiff's business records and assessing his economic damages as a result of his injury. As you may recall, the plaintiff's expert opined that the plaintiff's economic damages exceeded \$2.5 million. Fortunately, the jury completely accepted your economic analysis and rejected the analysis put forward by plaintiff's expert.

The jury verdict rendered in the above-referenced matter awarded \$125,000 for loss of earning capacity and awarded \$50,000 for past earnings. As you will see, the jury embraced your testimony and returned a verdict consistent with your findings and analysis. Truly, the result we achieved would not have been possible without your hard work, attention to detail and court room skills.

We hope to have the opportunity to work with you on future matters. We look forward to hearing from you soon.

Sincerely,

  
Keith M. Carter, Esquire
